

MFD

MFD in survey

- Combination from Priming aid and calibration pot
- Compact design
- Easy handling
- Improve the suction behavior of dosing pumps
- High quality materials
- Easy to mount
- Maintenance-free

Order information

Multifunction device

Basic design:

- incl. Fixing clamp (2 pieces)
- incl. adhesive joint PVC-U and welding joint PP
- Shut - off fitting with filling - / ventilation joint, hose nozzle d = 12

| Type | Thread connection | Material | | | |
|----------|-------------------|--------------------------------|-------------|-------------------------------|-------------|
| | | PVC-U / PVC-transparent / EPDM | | PVC-U / PVC-transparent / FPM | |
